React.js HTML/CSS JavaScript WordPress

PhotoShop Figma GIT/GitHub Bootstrap

Axios API-Integration MS Office Fiverr

Upwork Graphics Designing UI/UX

Leadership skills Communication skills Teaching

PROJECTS

FYP MANAGEMENT SOFTWARE (FYP)

- Our team is developing an application that aims to streamline the management of all processes involved in final year projects (FYPs) at universities. Our system will enable FYP teams to manage the entire process, from project inception to conclusion. The key users of our system will be FYP panel members, supervisors, and students. We are using React.js for Frontend and Django for Backend.
